Testimonials

“

Knowing the Forever Plan is there will give me peace of mind. I wish I had done this 10 years ago.

”

“

When we start something, we tend to only see the iceberg as a whole and all that we need to get through. Instead, chip away one thing at a time. It'll take some time to get where you want to be, but hard work takes time. For me, enrolling in The Arc of Oakland County's Forever Plan was one small chip away at my iceberg.
